

If it is **NOT** CoolSculpting® Then it is **NOT** SAFE

BEWARE OF IMITATIONS AND COUNTERFEITS

Imitations and counterfeit devices lack the safety mechanisms, efficacy and support that protect your patients and your practice.

- » Lack of safety mechanisms has caused significant complications and skin necrosis
- » Lack of clinical efficacy can lead to inconsistent results, if any
- » Lack of clinical training and product support means that your practice and patients will not be protected

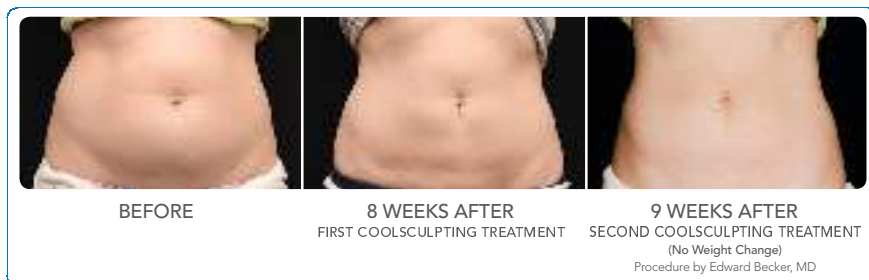

BURNS CAUSED FROM COUNTERFEIT DEVICES

CHOOSE THE ONE AND ONLY COOLSCULPTING®
